## TWO CO. COMMISSIONERS ASKED BY GOVERNOR TO TENDER RESIGNATIONS

### ANOTHER MOVE BY EXECUTIVE TO BUILD POLITICAL MACHINE

Governor Sidney J. Catts has demanded the resignations of Chas. F. Burgman and Dr. L. B. Bouchelle, two of the members of the board of county commissioners of Volusia county.

For some time reports have been current that the Cattsites would get the "scalps" of Burgman and Bouchelle, thus leaving room for the appointment of successors of the Catts' faith and thus have control of the board of county commissioners.

It is for the alleged connection with the Turnbull association that Governor Catts demanded the resignations of Burgman and Bouchelle. It seems when Chas. Kost was getting ready to form the Turnbull association he asked Messrs. Burgman and Bouchelle to sign the application for the charter. They did so merely as a matter of accommodation to Mr. Kost and never had any further connection with the club. In fact that club has never held a meeting to complete the organization. Records and proofs have been submitted to the governor showing that the two commissioners had no connection with the association but notwithstanding this, the chief executive has demanded the resignations.

Both Dr. Bouchelle and Mr. Burgman have declined to resign. Dr. Bouchelle answered the governor as follows:

"Your letter of April 6, 1917, received. So far as trouble and publicity are concerned because of any alleged connection of my part with the Turnbull Bay association, I court and welcome the fullest publicity. I was nominated for county commissioner of District No. 5, not District No. 4, as you state in your letter in the Democratic primary of June, 1916.

"In the November election my enemies again endeavored to bring about my defeat through an independent candidate, but I was elected by a substantial majority.

"I have done no wrong either legally or morally so far as my connection with the Turnbull Bay association is concerned; the record in your hands proves my statement to be true.

"It has been currently reported for some time that I was to be removed to give room for a political favorite of those opposed to me; I am still hopeful that an executive order of you may not accomplish what my opponents are unable to do before the people.

"I must therefore respectfully decline to resign, and await your further advice in the matter."

Mr. Burgman replied to the governor today as follows:

"Responsive to yours of the 6th. inst., requesting that I tender to you my resignation as County Commissioner of the Fourth Commissioners District of Volusia county received. Responding to same beg to submit for your consideration the following:

"In my letter to you of March 20th, last, I made to you full statement of my alleged connection with alleged Turnbull Bay association. That statement stands.

"I herewith deny and resent with all the power at my command your libelous accusation that I applied to the

### DR. RAWLINGS WILL SERVE HIS COUNTRY AS ARMY SURGEON

With the enlistment of Dr. James E. Rawlings for surgical duty in the United States army, two of the leading physicians of Daytona have volunteered their services to their country. Dr. G. A. Klock offered his services to the government several days ago, also pledging himself to furnish not less than five nurses to the cause.

Dr. Rawlings expects to leave either Sunday or Monday for Washington D. C., where he will receive final instructions and be assigned to a division, which will probably be one of the medical corps of the Virginia troops. Dr. Rawlings has established an enviable place for himself in the medical world of the south, and with his departure Daytona will lose one of her most valuable medical men.

### COMMITTEE WILL STUDY PROBLEMS OF PRESENT WAR

WASHINGTON, April 9.—A joint resolution for a "joint committee on the conduct of war" was introduced in the Senate and House of Representatives simultaneously today by Senator Weeks, of Massachusetts, and Representative Madden, of Illinois, both Republicans. The resolution provides for a committee of six senators, four Democrats and two Republicans, and six representatives, evenly divided of Democrats and Republicans, to study the problems of war, confer with the president and executive heads and report to congress. The committee will have the widest powers of investigation, and will sit during sessions of congress as well as during recesses.

### MANY INDICTED FOR FIXING COAL PRICES

NEW YORK, April 9.—The Federal grand jury today indicted 21 corporations and 21 individuals for fixing prices of smokeless bunker coal in West Virginia and Virginia.

Mrs. W. M. Hindle, who had been visiting her son-in-law and daughter, Mr. and Mrs. R. D. Craig for about two weeks at their home on Third avenue, returned to Cocoa Saturday afternoon.

### Emperor's Promise of Reform Overshadows All Other News

BERLIN, April 8 (Via Sayville).—Emperor William's promise of internal reforms in Prussia overshadows all other news. The liberal and radical newspapers find fault because the emperor suggests delaying the reforms

### STATES NOT U. S. TO PROSECUTE THE ELECTION FRAUDS

WASHINGTON, April 9.—Federal authority to prosecute frauds in state general elections and United States senatorial primaries was materially restricted by a supreme court decision handed down today. Federal indictments for alleged corruption conspiracies in Rhode Island congressional elections, and the senatorial primary in West Virginia were dismissed on the grounds that the state governments and not the Federal government authorized the acts.

**AUSTRIAN STEAMERS IN NEW YORK PORT SEIZED**  
NEW YORK, April 9.—Austrian steamers here and in many other American ports were seized today.

### PULLMAN FLORIDA SUIT DISMISSED

WASHINGTON, April 9.—The Pullman company's suit against former State Comptroller W. V. Knott, of Florida to enjoin the state from taxing its gross receipts in Florida was dismissed today because Knott has retired from office.

Chris. Arnold left Saturday for Santa Barbara, Cal., where he will spend the summer with friends, returning to Daytona in the fall.

## BARON ZWIEDINEK ASKS FOR HIS PASSPORTS

### MASS MEETING TO PROTEST AGAINST FLAGLER COUNTY

A mass meeting will be held at 7:30 tonight at the Casino Burgoyne for the purpose of discussing the proposed taking of several thousand acres of the north part of Volusia county in order to form part of a new county which would also include a portion of Putnam and St. John's counties as well.

This proposition is now before the state legislature and has been before the public for the past week. It has been much discussed in general on the streets, but no meeting of citizens will have been held until tonight. As Volusia county people are very much against having a slice of county which has an assessed value of \$500,000, taken away from them, the meeting should be of interest to all Daytona people.

### FAR-REACHING ARE QUESTIONS INVOLVED IN COURT DECISIONS

WASHINGTON, April 9.—Determining important questions regarding patentees' control of retail prices of their products, the United States Supreme court in a decision handed down today pronounced unlawful the "limited license" plan under which the Victor Talking Machine company and many others distribute their products. The court did not pass upon the legality of the Victor plan of limiting distribution solely through licensed dealers.

In the patent infringement suit of the Motion Picture Patents company against the Universal Film Manufacturing company and others the court held invalid the restrictions of the patent company upon the use of competitors' films in their projecting machines.

Mr. and Mrs. Wm. D. Kelle and young son, Dr. D. Kelle, Jr., who had been visiting Mr. Kelle's parents, Mr. and Mrs. John Kelle, for about three weeks at their winter home on Second avenue, departed Saturday on their return to Brooklyn, N. Y. Mr. and Mrs. Kelle and son have frequently visited Daytona and have made many friends here.

### SPAIN TO TAKE OVER AMERICAN INTERESTS

WASHINGTON, April 9.—Austria-Hungary, under pressure of Germany, has severed diplomatic relations with the United States.

Baron Zwiedinek, the Austrian Charge d'Affaires, demanded passports for himself and staff. Almost at the same time United States Minister Stovall at Bern, reported that Austria-Hungary had broken relations at Vienna yesterday. The break is undoubtedly a prelude to a declaration of a state of war.

All diplomatic and consular officers of the United States will leave Austria and all Austrians will leave the United States. Spain will take over the American interests in Austria and Sweden will take over the Austrian interests in the United States.

### EXCELLENT PROGRAM AT SUNDAY CONCERT

The concert given at the Casino Burgoyne yesterday afternoon when Tucker's orchestra was augmented by several musicians from the Clarendon orchestra also under the direction of Harry A. Tucker, was one of the most enjoyable musical events of the season.

The orchestra, led by Mr. Tucker himself, gave an excellently-selected program which was well received by the gathering of music lovers present, who filled the casino to its utmost capacity. Commencing with "Hail to the U. S. Army" (Aug. Groschi) the orchestra gave a series of light opera and popular numbers interspersed with several requested selections. A prolonged burst of applause greeted the final number, "The Star Spangled Banner," the audience rising to their feet while the beautiful air was played.

Through the generosity of Mrs. Burgoyne the orchestra will be retained through next week and will be led at each concert by Mr. Tucker in person. Mr. Tucker is arranging a series of special programs for the week that are being eagerly anticipated by music lovers here.

ASKED BY GOVERNOR TO  
TENDER RESIGNATIONS**

(Continued from Page One.)

Federal authorities for a license to sell liquor at any place.

"I hereby deny and resent likewise with all the power of insulted manhood and American citizenship your outrageous statement that I am connected with, or ever assisted in the organization of, or ever visited any 'joint' or immoral place where liquor is sold or has been sold.

"My life during my nineteen years residence among the people of this commonwealth has been an open book to any man, woman or child, and it has been clean. Neither you nor your political adherents can besmirch it by unfounded and false accusation.

"I have never received any warning from any 'County Attorney' as you allege, 'not to open any joint.' There never existed any reason for such warning.

"I court the widest possible publicity and am ready now, or at any time to face accusers or malicious slanderers.

"I herewith absolutely refuse to resign as County Commissioner from this District at your request. I owe my election to the citizenship of this Commissioners District. If guilty of the things you accuse me of I would owe it to them as a duty to resign and not to you.

"If it is your intention to attempt to remove me from this office to make room for some one of your local followers, 'go to it' the responsibility will be yours, not mine."

## DAYTONA BOYS BRING BACK FIVE MEDALS

The boys who went to Gainesville to represent the Daytona High school in the annual high school declamation contest and track meet won honors in every event capturing five medals.

Everett Kallgren won first prize with his subject "That Something" in the declamation contest held Friday night, and was unanimously awarded the gold medal. Harry Wyllie took the silver medal, second prize, in the essay contest with his excellently prepared paper. Both boys handled their subjects in a manner that would have done credit to college graduates, showing unusual literary ability and thorough knowledge of their topics together with an originality of ideas that made their papers remarkable.

In the track meet held Saturday, Daytona boys carried off third honors in every event. In the low hurdle race so many contestants were entered it was necessary to have three divisions in the preliminary race. Wesley Snyder won third place, taking the bronze medal. In the second event, the mile run, Carlyle Moore, running against more than 30 contestants, came in third and took the second bronze medal for the Daytona school. The winner of this event made a new record for the Florida high schools. William Henry Pope, representing Daytona in the pole vault, won third prize, exceeding his own record by 1 1/2 feet. With more than 100 contestants representing 15 different schools, the Daytona boys made a splendid record for their school in what was practically the first attempt of the Daytona high school to participate in the annual meet.

With 14 points to its credit the Daytona High school is fourth in the race for the silver trophy given by the Knight & Wall Hardware company of Tampa to be awarded to school scoring the greatest number of points in three years. Fort Lauderdale now holds first place, with Jacksonville a close second and Tampa third.

The boys were royally welcomed by the University of Florida, and everything was done to make their stay enjoyable. Prof. H. Clay Marks, supervising principal, accompanied the boys to Gainesville. Those going were Everett Kallgren, Harry Wyllie, William Henry Pope, Carlyle Moore, Wesley Snyder, Alexander Stuart, Sheldon Eastland, Raymond Green and Forest Snyder. The party made the trip in automobiles, returning yesterday.

### SOUTH RIDGEWOOD SCHOOL NOW HAS FINE VICTROLA

The teachers and children of the South Ridgewood school are rejoicing over the possession of their \$50 Columbia gramophone, the "Favorite", presented to them Friday by the committee, who had charge of the musicale given last Monday afternoon at the Casino Burgoyne.

Satisfactory arrangements for part payment were made with Hankins Drug store and a suitable stand with compartments for record books is now being made by the McClellan Novelty mills.

Two record books and a few choice records were purchased and a very acceptable gift of six records, especially for use in school rooms, was made by W. M. Hankins. The teachers are hoping that others will give records, and the committee suggests that none but the best be given. It is imperative that children hear only good music if they are to be rightly taught. Both Victor and Columbia records can be used on the gramophone. The pupils who indulge in sweets are purchasing home made candies from the teachers and the net proceeds will be used in the purchase of records. The making of the candies by the teachers is a most commendable act both from a financial and hygienic standpoint, as the sweets are being made of only the best materials.

All contributions, either records, needles or money, should be made to Miss Elizabeth Brachhold, first grade teacher, to Mrs. W. M. Hankins, or to Mrs. J. B. Garrison, who compose the committee.

### \$100 REWARD

"Will be paid to any person who can prove that I have purchased one dollar's worth of depositors' interests in the First National bank. Further I urge depositors to have patience and certainly not dispose of their interests at this stage.

J. GINSBERG
